

Plough Lane Nursery

commercial landscape maintenance

tel: 01249 750795 - email: roger@ploughlanenursery.co.uk

We are able to offer tailor-made schemes for any site; some options are listed below. All of these options can be mixed and matched to suit your requirements.

We would be happy to come along to meet you and give you our suggestions without any obligation on your part. Alternatively, you're welcome to discuss your requirements with us over the phone, or by email.

A SELECTION OF OUR TYPICAL SERVICES

Grass Cutting

Top quality

(30-35 cuts per season - collected)

Suitable for ornamental lawns and high amenity grass areas.

Medium quality

(15-18 cuts per season - not collected)

Suitable for large open areas, road verges and banks

Rough quality

(7 cuts per season - not collected)

Suitable for tree, whip and shrub plantations and banks.

Shrub Beds

Weed control, pruning, fertilizing, edging. Replacement of dead plants.

Hedges

Weed control, pruning, fertilizing and cutting two-three times per year.

Handing Over of Open Areas

Liaison with Local Authorities to enable open areas of grass and planted areas to be taken over.

Hardworks

Litter collection; weed killing on tarmac and gravel areas.

General Works

Bulb planting; applying tree bark to shrub beds.

Security Fences

Cutting back overhanging branches; spraying to base to keep clear.

Shelter Belt & Structure Planting

Maintain tree and whip planting; ring spraying as necessary. Fertilizing, pruning, replacement planting as necessary. Strimming between plants.

Weed Control

Spraying carried out by experienced operatives.
